** Pricing does not reflect \$39 kit price, shipping and handling charges, or local/state taxes if applicable.*

Congratulations on choosing to improve your physical and financial well-being!

Here are a few guidelines on determining how much product you will need:

- When determining autoship amounts, plan on 1 case per month for every one adult or every two children.
- If you are intending to share the health benefits of Monavie™, plan to purchase an additional case per month to sell or "place" with family and friends.
- If you are planning to build your business consider the bulk purchasing options outlined above. Purchasing in bulk at wholesale prices saves you up to 44%, resulting in increased profits for your retail sales.
